

write three vistas you see:

- 1.
- 2.
- 3.

go outside and look around. how does the world look through your paper eye? try faraway and try close-up. how does your view change?

write three objects you see:

- 1.
- 2.
- 3.

write three details you see:

- 1.
- 2.
- 3.

after you have printed and folded this zine, open the pages again. there's a hole in the middle. what can you see?

THE

EYE

in the middle of this zine is a viewfinder. by folding this paper, you have created a new frame to see the world.
